The Council Manager informed the meeting that NALC have sent through a document which has already been circulated to members requesting feedback on the policies relating to electronic communications infrastructure – cabinets, masts, receivers, and transmitters, etc.

The consultation is a technical one, looking to make changes to the General Permitted Development orders, specifically around 5G and mobile communications.

The consultation and proposed changes are highly technical in nature and beyond the competence of the Council Manager or other Woughton Community Council Officers, however the proposals appear to look to enable development at relatively small scale without the need for additional permissions.

The Committee agreed with the NALC recommendations, and that committee believes that there should be planning oversight retained by local councils regarding any proposed communication infrastructure to be installed.

WOUGHTON COMMUNITY COUNCIL

FULL COUNCIL

Tuesday 8th June 2021

PURPOSE OF REPORT:

To inform council of delegate decisions made and provide a report from the Council Manager.

RECOMMENDATION:

1. That council notes this report.
2. That membership of the Blue Light Walk Task and Finish group are agreed.
3. That all councillors, officers and residents consider what they would like to see in any WCC website, so that these views can be collected and considered when developing a new, WCAG compliant, site, for full proposal to Operation in September.
4. That any councillor who hasn’t already provided a ‘profile’ for the website gets one to the CMSO so it can be uploaded onto the current site and used in the future.
5. That council considers whether a Council Managers report is a useful addition to the agenda for Full Council and if so, that it be added as a standing item.

MAIN ISSUES AND CONSIDERATIONS:

To ensure that council is fully aware of decision that have been taken using delegated powers, a paper will be submitted to each Full Council meeting, detailing anything that is necessary to ensure full transparency and information sharing. This will also include a ‘Council Manager’ report that includes information, even if not necessarily a delegated decision.

- **Signing of Transfer deeds** for the land to the rear of Rochfords. This has been discussed on many occasions and is linked to the community gardens project. The solicitors have provided the paperwork, and this has been signed by Sue Smith, Chair of Council and witnessed by Steve McNay, Council Manager.
- £90 has been spent to enable the Council Manager to attend the Society of Local Council Clerks (SLCC) forthcoming Virtual Leadership In Action 2021 event. This will enable Continual Professional Development points to be claimed, alongside an opportunity to learn some new things and meet some new people (virtually).
- Work has been undertaken with our IT providers, Cloudy IT, to create an online recording system, linked to an ‘app’, to help support the advice, wellbeing and other services. There is no cost associated with this at the
current time, but the Council Manager will be speaking at an event to support Cloudy in return for their time and resources.

- We have registered for a free ‘sign cleaning kit’, provided by Ringway (MKC partners) – this may or may not be useful. We have also requested some free ‘anti littering’ posters.

- **End of year** work has been undertaken by RBS (previous financial system) and the RFO and Finance Assistant. This work suggests a positive outcome to the year, but we are awaiting the full results of the internal audit and Annual Governance return (AGAR) before reporting fully.

- We have requested an initial assessment for fully equipped chambers for **hybrid meetings** – whilst we can hold hybrid using ‘off the shelf’ equipment, we are also checking to see if installed cameras, mics, etc would be viable.

- Cllr Coventry appeared on BBC Radio talking about the impact of the virtual meeting regulations changing and other media outlets have visited to do interviews with a view to a larger piece of work later in the year.

- **‘Blue Light Walk’** considerations have started – a working group to be created to work on this and build something suitable. Likely to be later in the year, when darker to fully enjoy the blue lights.

- Just under £140 was spent on additional **litter picking equipment** as part of the ‘Great British Spring Clean’. You may have seen some of the events that have been taking place as part of this event, including Beanhill Fun Day and Leadenhall Litter Pick.

- 21st June sees ‘Open Air, Open Mic’, an event to celebrate the ‘Make Music Day’. This is new for WCC and please do share with your contacts and encourage people to come along.

- Operations Committee considered the situation with the **website** – there remain issues with WCAG compliance (these are rules around accessibility for people with diverse needs), data management (GDPR, use of data, etc.) and a view expressed by some that the current site lacks chutzpah – it has information, but it’s not engaging. Investigations into options to take place.

- Operations Committee also looked at **Operation London Bridge** – mostly sorted, but suggestion that each estate should consider a suitable place for any floral tributes to be placed.

- The Police Forum was held on Wednesday 2nd June. Next one is due in three months time (September 2021) which may be able to be held in person.

**FINANCIAL IMPLICATIONS:**

Noted above or within previous papers.

**STAFFING IMPLICATIONS:**

Noted above or within previous papers.

**OTHER IMPLICATIONS:**

None perceived.

WOUGHTON COMMUNITY COUNCIL

FULL COUNCIL

Tuesday 8th June 2021

PURPOSE OF REPORT:

To propose the creation of a Child Poverty working group, following the recent report issued by Milton Keynes Council.

RECOMMENDATION:

1. That council notes this report.
2. That council agrees to a working group to focus on child poverty across the parish, led by a Councillor and with membership that includes both internal and external parties, such as Family Centres, schools, charities, and others.
3. That the working group creates an action plan that works alongside the Service Plan and also includes proposals for future years.
4. That the working group reports to Full Council on a quarterly basis.

MAIN ISSUES AND CONSIDERATIONS:

There has been a report published by Milton Keynes Council that focuses on child poverty and this has highlighted significant issues for the parish. The report was created without any input from WCC councillors or officers, and the report identifies issues that the authors appear to lack understanding of (e.g. reusing school uniforms, provision of meals for young people, etc.).

The headlines included the fact half of children in Woughton live in poverty, after housing costs.

As a result of the publication, concerns have been raised that the report doesn’t reflect the specific needs of Woughton and that WCC, as the council closest to the people of the parish, are better placed to identify and work with the community to create an action plan with clear, understandable outcomes that make a real difference. To this end, a suggestion has been made that there is a specific ‘working group’ created to look at these issues. This group should include a varied membership of local people and organisations that have links to the issues and who would bring value to both identifying and then putting in place actions to address issues highlighted.

The working group should initially work to create Terms of Reference and define membership, bringing a proposal back to Council in September for agreement.
FINANCIAL IMPLICATIONS:

No implications at this stage, but a budget may be requested at a later date. The outcomes may also link to existing Service Plan items, some of which have budgets attached already.

STAFFING IMPLICATIONS:

It is likely that there will be some officer involvement within the working group, but this should be to look at specific issues relating to their role, rather than leading the group.

OTHER IMPLICATIONS:

This is a potentially huge piece of work but is considered to be essential. The impact of poverty locally is damaging and, in some ways, ingrained. With limited willingness, time or commitment to addressing some of the underlying issues from some other agencies, WCC can have a role to play.

BACKGROUND PAPERS:

None.
